Gainful Employment Disclosure for Certificate Program

Name of Program: Financial Engineering (Certificate from Engineering Management)

Stand Alone: Yes  Degree Dependent: Yes

Program Description: This certificate program aims to equip students with a set of tools that will help them meet the standards of the Global Association of Risk Professionals (GARP) and the Professional Risk Managers' International Association (PRMIA) certifications. The financial engineering certificate topics will help prepare students to take the GARP Financial Risk Managers (FRM) exam and/or the PRMIA Professional Risk Managers (PRM) exam. Both exams are set around topics in finance theory, financial markets and financial instruments, market risk measures, quantitative analysis, mathematical foundations of risk management, financial derivatives for risk reduction, risk management best practices, operational risk, market risk, credit risk, case studies, ethics, and governance. The four courses covered in the certificate will provide a strong foundation in these areas.
