Gainful Employment Disclosure for Certificate Program

Name of Program: Systems Engineering

Stand Alone: Yes  Degree Dependent: Yes

Program Description: The Systems Engineering Graduate Certificate Program provides structured training in the fundamentals of systems engineering to equip engineers with the skills that can be used in the design, operation, and maintenance of systems throughout their life cycle. The techniques covered and concepts introduced are applicable to any industry. The broad application of these techniques is necessary as the engineering systems of the future become more complex, making them difficult to design and operate without an understanding of the whole and effective integration of all components, from design to disposal. Although industrial experience is a key factor in systems engineering, it needs to be supported by formal education.

Credit hours required to complete the program: 12

Certificate Website: [http://dce.mst.edu/credit/certificates/syseng.html](http://dce.mst.edu/credit/certificates/syseng.html)

For additional information please contact: Distance and Continuing Education
Email: dce@mst.edu  Phone: 573-341-6222
Address: 216 Centennial Hall, 300 W 12th Street, Rolla, MO 65409

Federal Disclosure Information

OPEID Code: 002517  CIP Code: 14.2701  Credential Level: 04

Months needed to complete certificate: 9

Student’s on-time graduation rate for 2010-2011: 10.53%

Tuition and fees for completing this certificate program within normal timeframe:
Resident and Non-Resident: $18,774.00

Estimated costs for books and supplies: $710

Cost of Room and Board, if applicable: N/A

The median cumulative debt for each of the following:
For all students (both borrowers and non-borrowers)

Federal student loan debt: $0.00
Private loan debt: $0.00
Institutional financing plan debt: $0.00

Note: The majority of graduates in this program did not carry a debt balance at the time of graduation, therefore median debt per graduate is $0.
Institutional job placement rate for 2010-2011: 67%
There is no formal method of tracking job placement for certificate program completers. For 2010-2011, the Missouri S&T Career Opportunities & Employer Relations office reports that 84% of students have firm plans the time of graduation. This includes students who have accepted a job as well as those moving on to graduate school, the military, etc. For more information, please visit the COER website here: http://career.mst.edu/.

Occupational information: Holders of this certificate generally enter into occupations related to Systems Engineering.
